northwoods cabin

Fjällbrantsgatan 12, Gällivare

northwoods cabin

The inspiration for this cabin comes from nature and the peaceful forest, offering a quiet sense of safety. We hope you enjoy a relaxing experience where you can take a break from the outside world and reconnect with the present moment. Take your time. Enjoy the sauna, cook your favorite meal, light some candles, and feel cared for.

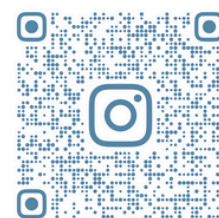

At "RE-playen" (Oljevägen 11), you can borrow all kinds of outdoor and sports equipment for free.

How to get the best experience of:

Midnight Sun: Find a cozy spot to sit, maybe up on the mountain. Bring bug spray or make a fire to keep the mosquitoes away. Let the golden light wrap around you, and simply enjoy the moment.

Northern Lights: Find a dark spot, away from city lights. Bring something warm to lie on and maybe a hot drink. Look up and watch the sky come alive.
